Annual Town Meeting

Water Supply Is Still Town's Major Problem

The possibility of the Town of Vulcan's population doubling within 15 years and the expansion of town services to cope with the long range development, is the major problem facing council and rate-payers, according to the review of the town's past year and glimpse of the future given by Mayor Lundy Findlay.

The annual meeting, attended by 17 ratepayers plus councillors was led by Wm. Munro who acted as chairman and M. Sinclair as secretary.

In his review the Mayor gave the water supply situation as still the most serious problem presently before council, followed by future need for residential lots.

One additional well will be added to the town system as a temporary supply until final consideration to a long range plan for complete solution to the problem can be given. This plan involves the only source of water that holds promise, among the many tests taken. It is the airport supply and engineers have taken partial tests on existing pipe and are determining costs of implementing the plan.

Water and sewer lines have been extended two more blocks and in 1962 the Mayor claimed the town will be faced with no residential lots. The new sub-division plan located south of the school which was proposed and shelved through lack of finances, will have to be re-activated in future.

A 50-bed Chronic Hospital will be built in Vulcan this year or next.

Application has been made for extension to court room space and garage storage facilities at the same location, this to come under the federal winter works assistance. Also at this corner plans are being outlined for a 25x66 library, costs to come from the government recreational grant.

The garage storage section would consist of accommodation for two fire trucks and the ambulance. Some town equipment is now stored at Scales Garage but space will not be available after the end of February.

The Town and County entered into an agreement in 1960 to buy and operate an ambulance. Also these bodies are presently negotiating purchase of street lights to be placed at the highway junction to town.

Councillor W. G. Sutherland gave a partial breakdown of the \$8,692.48 expenses involved in police protection, with a total of \$1,272 back to the town in form of fines. Of the \$2,912.49 paid out for fire protection, \$1,182.05 went in firemen's wages.

Street paving was the highlight of the Public Works Department under Councillor Ed Emelson. This required \$46,175.00 expenditure with \$6,000 held back at present. In addition to normal expenditures a compressor was bought at a cost of \$950.

Councillor Joiner indicated in his report on the water situation that in all tests made recently on wells and springs nitrates or

Glauber's salts were found in large quantities. Engineers surveys point to the airport supply as a possible answer to this perennial problem, expensive though it would be.

By using existing piping, which under partial test has appeared in good condition, cost of running a line to town, filtration plant, etc., would be cut by \$20,000 to some \$150,000. The equipment is owned by the town and an easement of property would be necessary between the pumps and town. Under proper circumstances it was felt the town might have a borrowing power sufficient for a \$170,000 loan. This would have to go before the ratepayers as a plebiscite but whether a loan could be taken soon enough to come under the winter works program would be another question.

The financial report covered by Councillor M. R. Morrison showed the town's fairly bright picture was dulled by the heavy, though necessary emergency commitment for the paving project. This left the town coffers at a low point, and although no borrowing has been done, it is assumed a short term loan will be made to cover operating expenses until tax returns begin coming in. Although this has not been necessary for several years it is not an unusual procedure.

The yearly request for more control over dogs running at large was heard with the thought that stiffer penalty to owners of offending dogs might have greater effect than existing legislation.

Police Had 481 Calls In Past Year

During the year of 1960 the Town of Vulcan police department answered 481 calls for assistance. These resulted in 187 court cases with the following breakdown: 52 court cases under the Liquor Control Act, 50 under the Motor Vehicle Act, 22 under the Town By-laws, 34 under the Criminal Code of Canada, 14 on Impaired Drivers, 2 under the Lord's Day Act, 7 under the Treaty Indian Act, 2 under the Mental Diseases Act, 3 cases of driving while driver's license was suspended.

Three motor vehicles were stolen and recovered, and police attended all fire calls.

Further instruction has been asked by police regarding the curfew bylaw and prosecution of violation of the dog by-law.

423 driving manuals were given out by police last year and their assistance was given the Boxing Club, to the Cadet Corps and to First Aid classes.

Petroleum refinery production capacity in Alberta last year was 800,000 barrels per day.

Alberta has two and a quarter million head of livestock roaming her ranges.

This specimen hung beside J. G. Perley of Vulcan is a Ling fish, caught Sunday morning, Feb. 5, at Lake McGregor. It is just plain ugly from mouth to tail and finding one on the end of a fishing line could give a fellow nightmares for weeks.

Mr. Perley caught this Ling on

a pike hook with smelt bait at Crabb's Creek and took out a smaller 36-inch the previous day. The above fish measures 40 inches long and weighs 17 pounds. It has a nine inch head, is 18 inches through the deepest part and has a mouth circumference of 12 inches.

Effective March 6

Retail Businesses Will Close All Day Mondays

Monday closing by a defined list of retail merchants in the town of Vulcan will go into effect beginning March 6, 1961.

Although wording of the new by-law is not yet prepared, in essence, it remains similar to that covering previous Wednesday closing except for the change of days and hours with similar exemptions.

A by-law to replacing existing legislation and governing the new schedule was passed Monday night in two stormy council sessions before and after the town's annual meeting.

The council chamber was crammed as 13 businessmen and members of the Board of Trade, who pressed for the move, presented a majority signed petition to council with a request it be enacted so that the change in closing day might begin early in March following suitable publicizing of the same.

Two dissenting business men and members of council split in their feeling, argued heatedly for over two hours with the delegation, on the advisability of such a change of schedule. Those in favor of the new by-law felt the lot of both merchants and buying public would be bettered with only two days of varied business closing, Saturday afternoon and Monday, rather than the present three, Saturday afternoon, Monday and Wednesday afternoon.

Those against the by-law felt that so long as there were businesses of any kind open on Mondays, such as garages, and elevators, there was traffic moving in

town which must be served or such business would go elsewhere. To this came the reply, "It is our hope that eventually all such businesses may find Monday closing more feasible and if we do not find it successful we will be back to council seeking an improvement on present plans."

To the suggestion that the scheme be tried by a "gentlemen's agreement" came the answer that the only thing fair to those concerned was a "gentlemen's agreement with a by-law to back it up." This had been attempted in other towns without the by-law and the absence of that by-law was cause for its downfall.

New County Maps Now Available

Fully detailed maps of the County of Vulcan in large 35x39 inch size are now available at the County Office at a nominal price.

Printed in red, green and blue, the maps give the latest available information on the owners of land in the County and show other details such as provincial highways, district highways, road diversions and road allowances, lakes, rivers and creeks, towns and villages, railways, irrigation canals and lateral canals, and location of buildings on each farm.

The maps are available to the public at the cost price of \$3.00 each, plus a 25c handling charge on mail orders.

Annexation Approved

All Section 5 Now Included In Town of Vulcan Area

Following an application last year by the Council of the Town of Vulcan to the Public Utilities Board to include within the town certain territory adjacent thereto, an order has been issued by the Board annexing to the Town of Vulcan all of Section 5-17-24-W4th.

The annexation order is effective from Dec. 30, 1960, and is subject to certain conditions to protect the tax-payers of the undeveloped portions of the section, who will not be receiving much more in the way of services from the Town that they have been receiving from the County. The conditions specified by the Board are as follows:

1. That any parcel of land from which the owner or tenant derives an income sufficient to provide his principal livelihood from the production of crops, livestock or poultry, or from fur production, beekeeping or hog raising, shall be assessed as farm lands and the maximum rate which the Town may tax such parcel shall be the then current rate of the County of Vulcan No. 2, provided however that that portion of such parcel on which dwelling houses are located together with a reasonable yard area for each dwelling house shall, after water and sewer services have been made available to such dwelling house, be assessed and taxed in the same manner as other properties in the Town.

2. The foregoing is subject to the general condition that, exclusive of any rate necessary to raise the cost of local improvements abutting any parcels of land in the said area, the property, improvement and business taxes charged in respect to parcels of land in the same area to which the Town has not made water and sewer available will not represent an increase over the taxes that the parcel would be liable for had the area remained in the County. As soon as the Town has made water and sewer available to any parcel of land within the said area the normal Town taxes, subject to the foregoing condition, will apply to that parcel.

The boundaries of the Town of Vulcan, which now occupies one corner of Section 5, have been such that houses that would appear to be part of the Town were actually in the County and were assessed and taxed by the County. With the Town boundaries now extended to the section lines, a few houses on the east side of hospital road, some houses on the north side of town, and developed properties between the railway track and Highway 23 are now properly included in the Town.

O. A. Craigs Mark 50th Anniversary

The many friends of Mr. and Mrs. O. A. Craig, well-known old-timers here, are joined by the Advocate in extending congratulations to them on the occasion of their 50th wedding anniversary, Tuesday, Feb. 14.

Members of the Craig family present for the observance of their parent's Golden Wedding, at a dinner party held at the honored couple's home on Sunday were Wing Commander Fred Craig of Trenton, Ont.; Mrs. R. A. (Mary) McInnes, Vancouver, B.C.; Mrs. Boyd (Helen) McKay, Vulcan; Bob of Vancouver and Ronnie of New Westminster, B.C., and Mrs. Les (Kay) Christensen, Champion. Unable to attend were Mrs. Lou (Betty) Roskin of Edmonton and Mrs. J. L. (Molly) Calvert of Petawawa, Ont., who telephoned their parents to wish them many happy returns of their anniversary.

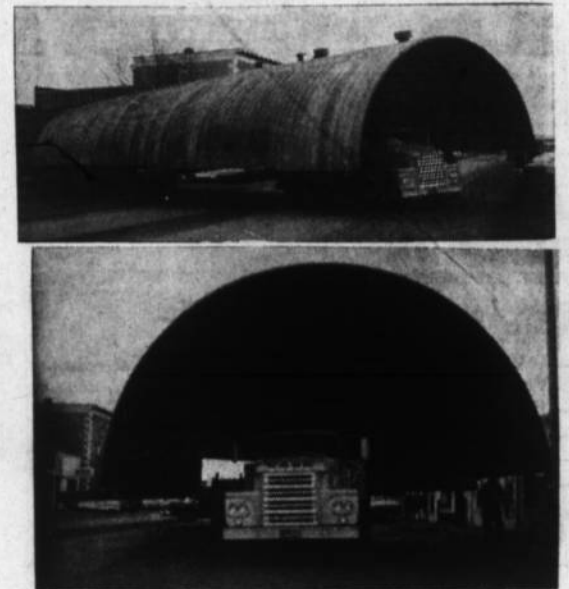

Molly Young and Owen Craig were married in Nova Scotia, Feb. 14, 1911, and came to Vulcan in 1915. Mr. Craig was CPR agent here for some 15 years. The couple have 28 grandchildren to join in wishing them more anniversaries.

Estimated total annual oil production in Alberta in 1959 was 130 million barrels.

GARAGE SERVICE

Open on Sunday from 10 a.m. to 3 p.m., and until 6 p.m. each day this coming week, including Saturday.

Richardson & Gould Ltd.

You see the strangest things going down the road these days and the above photos are just such examples.

This is the corrugated metal upper part of the building that once stood on the Vulcan Motor Products lot and its destination, happily reached, was the farm buildings on the Stan Scales property a short distance west of town.

Previous to Wednesday, Feb. 8, men had been busy freeing the structure from the cinder brick

foundation. Then came the service truck of Richardson & Gould and another three-ton truck and the whole load was eased on by strong beams running from side to side.

Signals were passed from driver Clay Snow in the service truck to the second truck at the rear end and while Clay didn't say this, it could be assumed the biggest trouble in the trip was pulling out to pass on the highway.

In the upper picture that's Stan Scales beside the edge of the roof guarding the interests of the AGT pole.

High School Play Successful

The Vulcan High School Students presented a 3-act play, "Finders Creepers," on Friday and Saturday, Feb. 10-11.

All the students who acted in the comedy are in Grades 10 and 11. The cast consisted of Larry Graff, Gordon McKay, Lawrence Lundgren, Leslie Lucas, Valerie Tompkins, Gloria Bowie, Valerie Richardson, Myrna Jamison, Carolyn Henry, Ronnie Hughes, Linda Peters, Leslie Perley, Mary Mumby, Carson Horne and Wayne Erickson.

Considerable credit is due to Mr. Mumby and Mr. Myers for directing the play, and to Mrs. Todd for handling the make-up. Camellia Brown was manager. The students were very convincing in their various roles. The play, which was thoroughly enjoyed by all who attended, was a tremendous success.

Entertainment between acts was supplied by Barbara Budd and Diane Hegland who each sang a solo, and by the Haga sisters, Donna and Carolyn, who sang a duet.

Appoint Field Representative

Farmers in this area will be pleased to know that Western Canadian Seed Processors Ltd., have appointed Lloyd Jones to the position of resident Field Representative.

Having a wide knowledge of the agricultural field and its allied industries, Mr. Jones will be offering full time service to farmers in the district with regard to all phases of contracting, growing, harvesting and delivery of Rapeseed and Sunflower Seed.

In this period of grain quotas, a cash crop is of vital interest to farmers. Rapeseed and Sunflowers can be highly recommended for this area.

Graduates

Miss Marianne Burns, R.T., daughter of Mrs. Loraine Burns and the late Spencer Burns of Vulcan, has recently graduated from the Lethbridge Municipal Hospital School of Medical Laboratory Technology. At present she is employed at St. Michael's General Hospital in Lethbridge as Supervisor of Bacteriology.

Local Scouts On Frosty Operation

When the local Scout Troop were planning to go on a 'survival' winter camp for the weekend of Feb. 11-12, they had little vision of having to break any ice due to the type of winter we had been experiencing, but due to some strange powers held by the Scoutmaster, Terry White, the weather turned up just as if he had ordered it!

The six patrol leaders, Brenton and Cecil Nickerson, Doug Scott, Harvey Eamor, Dennis Sparks and Billy Soder were accompanied on the expedition by Terry White, Ken Houlton, Tony Pearce, Jerry Wylie and Norman Soder.

Leaving Vulcan just before 7:00 a.m., on Saturday they headed north and encamped at Carlsland where among the brush, snow and ice they set up tents and prepared for some real winter activities. Making the most of the limited time, such things as signalling, compass reading and the like were undertaken and on Saturday afternoon a long hike, actually only about six miles (but sometimes feeling more like 60) was organized. During this hike instruction was received on the setting up of an overnight shelter and briefly touched on what to do in the case of an accident.

The camp-fire on Saturday night was one of the highlights of the weekend and many stories were told of cows climbing trees and so on. The Scouts can give details on this.

On the Sunday morning after some vigorous tracking and exercises a Scout service was conducted by Tony Pearce. The rest of the day was spent in various Scouting activities, all with the idea of training in the different aspects of Scout life.

All were agreed that this was a successful venture and are hoping it is merely the first of many when leaders and Scouts can get together and appreciate not only the physical training of these young men but also the ideals of character building and spiritual understanding of the true meaning of Scouting.

People read newspaper ads when they are ready to make a decision and to act — When They're Ready To Buy.

Warm Weather Skating --- 1931 and 1961

When we see pictures of people golfing during the winter we aren't too surprised because it can and does happen. When we read of people in big cities taking mid-winter dips into icy water we know that city living has its inevitable effect on people but when we see the likes of the accompanying photos taken at our own Lake McGregor we realize it must be a warm winter because these folks are all very sane.

The above photos were taken 30 years earlier, as can be noticeably seen, than the one at right, but before any of you males from the

east country burst into a belly-laugh, look around you carefully. Most of the ladies are still among you and probably have photos to show and money to bet that the manly get-up and charm of the '30's looks every bit as weird as that of the ladies.

Cliff Hellevang took the photo of his daughters, 15 year old Roxanne and Beverly, aged 9, near his fishing location on Jan. 21, of this year when the temperature hung around 60 degrees above and with no wind and warm sun, the gals skated for two hours. He figures there is 11 inches of ice on the lake and if the surface was all

smooth, the three by 21 mile size would be the lake skater's dream.

In the chorus line from left to right are Mrs. A. Armstrong, (now deceased), Louise Herman, now Mrs. Len Larson of Starthmore, Mrs. Bill Herman, Mrs. Elvira Thomander, now Mrs. R. Page, Mrs. Charlie Northcott, Sr., (now deceased), Ruth Northcott, and Mrs. Ed Sing, (now deceased).

The two photos were taken by Charlie Northcott Sr., who is still living in Vulcan. The ice boat on which the girls were reclined was built by Andy Armstrong, and was one of many seen on the lake in those days.

Early Sunday morning, Feb. 12, a group of 25 Hi-C members met in the church basement for breakfast. Mr. Cummins asked the blessing and the group sat down to a delicious breakfast of pancakes, bacon and eggs. Following breakfast the group went upstairs where they attended the regular Sunday morning service.

Mrs. E. H. Mueller has returned home from the General Hospital in Calgary after having undergone a series of tests following her accident on Christmas Eve at 4:15 p.m. on the Parkland road, four miles west of Champion. The car in which she was riding with her husband and son, a 1957 Plymouth was a complete loss and the car of the second party involved was damaged to the extent of about \$600 to \$700. Mr. Mueller suffered a gash to the forehead which required 12 stitches and the older boy was badly shaken. Mrs. Mueller sustained three broken ribs, a sprained hand and arm, a chipped vertebrae, and a fractured skull. Her friends will be pleased to learn she is now convalescing at home.

Miscellaneous Shower

A miscellaneous shower in honor of Mrs. Henry Lens (nee Sheila Trebar) was held Saturday, Feb. 11, at 2:30 p.m., in the community hall.

Chris Cummins presented Sheila with a corsage, gifts and good wishes on behalf of all her friends. A program taking the form of Sheila's life history, was done in song style. Four of her school chums did musical numbers, with Sheila's and Henry's names being used. Mrs. Myrna Arnold accom-

panied on the piano.

Sheila thanked everyone and invited them to her new home in Calgary. A delicious lunch served by the hostesses brought the afternoon to a close.

MOSSLEIGH

Mr. and Mrs. A. Koole are being congratulated on the birth of a second daughter.

A welcome snow storm gently drifted into the district Saturday leaving about three inches of snow on the level and much colder temperatures. So now the curlers are finding their way back to the rink to try and finish the bonspiel that was started a few weeks ago.

The 4H Beef Club held their February meeting in the church kitchen Thursday evening with a good attendance. Gordon Dawson was absent the flu, so Leonard Robinson was in the chair. Mr. R. F. Smith, pastor, gave a very interesting talk on "How to Public Speak" and a few of the members gave their speeches. For program, John and Leonard Robinson gave a talk on "Cuts of a Beef". Lunch was served by John Campbell and Jim Samardien.

The Grade 7 and 8 basketball teams played basketball again this past week; the first games were played in Champion and the boys' score was 20-20, the girls' 12-2 for Champion. The second games were played in Arrowwood and the boys' score was 17-16 for Arrowwood, the girls', 10-10. More games are to be played this week.

Mossleigh Women's Association The Mossleigh Women's Association held their monthly meeting in the Church Thursday afternoon with a fair attendance. Mrs. H. Leslie led the Devotional period. The W.A. decided to sponsor the Cancer drive again this year. The lamps for the pulpit and piano lamps have now been purchased. Mrs. Howard Tharle volunteered to look after the cancelled Canadian stamps that the association is collecting. Some of the Sunshine money is to be used to buy flowers for the church.

The Parkland Players were invited to put on their play as soon as possible. A ham supper and

Dazaar was planned for the near future. Mrs. J. Leslie volunteered to do the janitor work for the month of February.

FATHER OF PLASTICS

A young American printer, John Wesley Hyatt, was the man most responsible for the birth of the great plastics industry of today. The Book of Knowledge says that in the middle of the 19th century he invented what is now known as celluloid.

The Vulcan Scout Hall, nestled under the water tower, was quiet last Saturday afternoon for one of its few restful periods of the week. Activity was to be found though on the Scouting scene where several miles north near Carseland, a group of Scouts and leaders were engaged in "Exercise Icebreaker" which turned out to be the real thing, despite the several week of warm weather which preceded the weekend.

The newspaper is convenient; it may be consulted at a time most CONVENIENT to every member of the family.

Alberta has more than 9,000 oil wells and 2,000 gas wells capable of production.

Boy Scout Week Being Observed By Several Troops In Town and District

The purpose of observing Boy Scout Week, Feb. 19-26, is to acquaint the public with plans and program of "Scouting for Boys". Scouting is a supervised program for boys from 8-18. Supervision is provided by a group of field Commissioners having offices in the main cities. These men are assisted by a large group of Volunteer workers or leaders in the smaller centres who are the active leaders of groups of Cubs and scouts. A members of these smaller groups organize a district, which has the duty to co-ordinate programs and activities, promote camping, encourage and foster training for leadership and so raise the standard of the whole program in the district.

The Lake MacGregor district has five groups and Vulcan, Champion, Carmangay and Lomond have active programs. Milo has had some difficulties with leaders which it is hoped will soon be overcome. Most towns have both cubs (8 - 11 1/2 years) and scouts (12 - 18 years). This is very desirable because it provides for continuity and direction which will culminate in a large group of 2nd class scouts, a fairly large group of 1st class scouts and a select group of Queen Scouts. The 1st class and Queen scouts are those who because of their interest, energy and proficiency are eligible to go to the important provincial, national and international jamborees. These jamborees are held at intervals throughout nations of the world. A district,

group or patrol is signally honored when a Scout qualifies for these great events. To a Scout attendance at a large jamboree is a memorable experience to be remembered for his whole life.

The numbers registered in Lake MacGregor district during 1960 was significant, there were 104 Scouts and 160 Cubs. A similar number is registered at present. It is very important to have trained adult leaders (one for 8 to 10 boys). There are times when there are not enough and a dedicated leader may be leading as many as 30, sometimes having to lead two groups each week. Generally the more leaders the more diverse the program can be and so more interesting to the boys. Training programs are sponsored by districts or regions for both Cubs and Scouts. The latest was a Scout troop basic course in Champion.

In July two courses of a week duration of both cub and scout leaders will be given at Sylvan Lake. Each month Scout meetings are held in the various towns of the district. Here problems can be discussed, programs planned and fellowship enjoyed. Average attendance this year is about 20. During the month of February 1961,

several father and son banquets are planned. Carmangay will hold theirs on Feb. 14th and Lomond on Feb. 25th. Champion plans a scout display down town, perhaps a church parade. Recently Carmangay had a group of 8 Scouts and 4 leaders on a winter overnight camping trip to the hills. Vulcan is planning a similar outing. Lomond has 45 Scouts participating in 1st aid civil defense program. During the summer all groups join in Cub rallies or Scout camporees where groups compete against each other.

One of the leaders in each town there is a sponsoring organization such as a church or a service organization such as Lions or Legion. There is a group committee made up of a number of interested people who organize the fund raising activities such as bottle drives, apple or nut sales and Christmas tree sales, and rallies and numerous other jobs to help the work. Hence a community fully organized in this Scouting program has many people interested and working for "our boys". If you are not in this program in your town you should be. Join the team for better scouting in Lake MacGregor district in February 1961.

VULCAN WEST

Mrs. Geo. Hall of Blackie visited at the Richard Hall home last week.

Mrs. Eva Andrews attended the Institute of the County of Vulcan Council of Home and School Association at Lomond on Saturday of last week, along with Mr. and Mrs. J. M. McKay, Mrs. Marie Gallagher, Mrs. Sophie Jorstad and Mrs. Ila Ball.

Mrs. Evelyn McFadden of Calgary visited at the Jim McFadden home on Friday.

Mr. and Mrs. Lacey Hollister of Calgary were recent visitors at the Doug Galbraith home.

Mr. and Mrs. Rennie Renault and Rennie, Jr., were weekend visitors Feb. 4-5, at the Merle Smith home.

Lyle Spanke was a visitor in the district on Tuesday of last week.

Mrs. Rose Haga is a patient in the local hospital. Her many friends wish her a speedy recovery.

Mr. and Mrs. John Jensen of Parkland were Sunday evening visitors at the home of Mr. and Mrs. Bob Hutton.

Friends of Glen Cahoon will be sorry to hear he is a patient in the Calgary General Hospital. They all wish him a speedy recovery.

Phil Lucas is also a patient in Calgary. A speedy recovery is extended to him also.

Good Deeds W.I.

The February meeting of the Good Deeds WI was held at the home of Miss Viva Dennison, Feb. 9. Nine members and five visitors were in attendance. Mrs. Deanna White, 2nd vice-president, conducted the meeting in the absence of the president. The roll call was answered with a gift of wearing apparel for the children in the Booth Memorial in Calgary.

The business, old and new was dealt with accordingly. The program consisted of a talk by Mrs. Ethel McMasters on her trip to Illinois last fall. Enroute she met a lady who is affiliated with the Associated Country Women of the World, of which Ethel is a member belonging to the Alberta Women's Institute.

Due to this fact Ethel was then invited to accompany a group of ACWW on a 2,700 mile trip across the United States. They journeyed through the Blue Ridge Mountains in Kentucky, Tennessee, Virginia and West Virginia and North Carolina. Mrs. McMasters told of the many interesting places and of the good times they had together. After this marvellous trip, Mrs. McMasters then continued on her way to visit relatives in Illinois.

A lovely lunch was served by the hostess, assisted by Mrs. Lina Brown and Mrs. Nellie Hutton.

The next meeting of the Good Deeds WI will be held at the home of Mrs. Grace Smith on March 3.

F.U.A. Meeting

The February meeting of the Vulcan West FUA was held last Saturday evening at the Vulcan Cafe.

The present officers were retained by acclamation. It was decided to hold a Hard-Time Dance at the Alston Hall with prizes for best dressed and novelty dances. The committee that was appointed to look into the possibility of furnishing a room in the Chronic Hospital asked that the motion be tabled until further progress on the new hospital was made.

BERRYWATER

4-H Calf Club

The Berrywater 4-H Calf Club held its monthly meeting at Berrywater Community Centre on February 8.

The meeting was opened with the repeating of the 4-H Pledge and the regular business was then attended to. Club leader, Pete Silbernagel, gave a report on the regional meeting of the 4-H Club leaders at Lethbridge.

The March meeting will be taken over by a club tour of 4-H calves.

On Feb. 13, all Berrywater 4-H and pewee members participated in a curling bonspiel at Milo. The rink of Delores Doane (skip), Warren Webber, Randy Steiner and Danny Bates, won the winner's event. The rink of Donald Salken (skip), Laura Fulton, Eldon Fleming and Teddy Salken, won the loser's event. Everyone had a wonderful time and there were a lot of tired, happy curlers that evening.

MAJORVILLE

Mrs. Hap Heather is a member of the Milo curling rink that won second prize in the first event in the Ladies' Bonspiel at Milo last weekend.

Debbie Hostetler of Lomond spent a few days this week at the home of Mr. and Mrs. Alf Heather.

Mr. and Mrs. David Deitz and Gregory were recent visitors at the home of the latter's parents, Mr. and Mrs. Larson of Coaldale. While there they also visited with Mr. and Mrs. Oscar Johnson of White Rock, B.C., who were guests of Mr. and Mrs. Larson.

The dance at Liberty last Friday was quite well attended. Music was supplied by Bill Shield, Harvey Godkin and John Papp.

Mr. and Mrs. Bruce Henry and Cody went to Carmangay this week to visit the latter's brother-in-law and sister, Mr. and Mrs. Calvin Seaback.

Mrs. Dee Scott of Hartell was guest for a few days this week at the home of her brother-in-law and sister, Mr. and Mrs. Lewis Greaves. Also visiting with Lewis

on Sunday were their son-in-law and daughter, Mr. and Mrs. Alvin Larkins and infant daughter of Vulcan.

Dinner guests at the home of Mr. and Mrs. Fred Bertachy, Sr., recently have been Mr. and Mrs. Verlyn Culp and family, Mr. and Mrs. Ralph Oberholzer and family of Arrowwood, Mr. and Mrs. Bob Bertachy and family and Mr. and Mrs. Tom Barr of Mossleigh.

Mrs. C. C. Robinson of Loon Lake, Sask., has been visiting her son-in-law and daughter, Mr. and Mrs. Fred Bertachy, Jr., for the past two weeks.

Mr. and Mrs. Ernie Heather of Calgary were weekend guests at the home of Mr. and Mrs. Bob Deitz.

According to reports a number of farms in the community are eligible this year for PFA payments. This is something that has not been necessary for quite some time and points out the damage suffered by crops in the hail storm of last summer.

As this was being written the district was having quite a snow storm changing the landscape immensely in just a few hours. Just how long the snow will last is anyone's guess but this winter has been a winner and no mistake; even old timers can't recall such a spell of nice weather for this time of the year. As one old-timer remarked the other day, "It has been a better summer than we had in the summer time."

Cliff Clare and son Cliff of Calgary were in the district on Saturday looking over their farm and visiting friends.

Weekend guests at the home of Mr. and Mrs. George Heather following their daughter's wedding were Mr. and Mrs. Roy Hammargren of Enchant; Mr. and Mrs. Elgin Grant, Mrs. Helen Borchers and Shirley Orsten of Edmonton. Mrs. Sina Orsten who had been staying with the Heathers for the week returned to Edmonton with her family.

Mrs. Jack Deitz spent a couple of days in Calgary this week while Jack went to Medicine Hat to watch the Southern Alberta curling playdowns.

Bill Francis was in Calgary for a few days this week taking medical checks and X-rays.

Visitors to Bassano this week included Mr. and Mrs. Lewis Greaves and Mr. and Mrs. Sandy Henry.

Milo-Queenstown Lutheran ALCW

Eleven members and one guest were in attendance at the February meeting of the Milo-Queenstown Lutheran ALCW held at the home of Mrs. Bob Deitz on Wednesday afternoon. The meeting was opened with the singing of "I Need Thee Every Hour," followed by "The Lord's Prayer" and repeating the "Preamble to the Constitution of the ALCW."

A letter from the Lutheran Students' Foundation at the University of Alberta was read and \$10 was voted towards their fund. Reports were given on the progress of finishing the basement of the church and were very gratifying.

Mrs. Prentice conducted the devotional part of the meeting. A note from Mrs. George Heather was read thanking members for serving dinner at the reception following her daughter's wedding. A hymn followed by prayer by Mrs. Chester Thompson closed the meeting after which the hostess served a lovely afternoon tea. Assisting with serving were Mrs. Jack Deitz, Mrs. Bob Umscheid and Mrs. David Deitz.

The next meeting will be at the home of Mrs. Mel Schaub in Milo.

BRANT

Students' Union

The Brant Students' Union held a very successful curling bonspiel on Feb. 4. The winners of the first event were Cayley; Nanton, second and High River, third. In the second event Mossleigh, first; Milo, second and Brant, third. Vulcan and Brant received the booby prizes.

Students' Union meeting was held on Feb. 8. The financial report was given before final plans for the dance were discussed.

The Students' Union held a "Sweetheart Prom" on Feb. 10, in the Brant Auditorium. The music was supplied by Thurber's orchestra.

Home and School Association

A meeting of the Brant Home and School Association was held Wednesday, Feb. 1, with 18 members and visitors present.

Money-raising projects were discussed. It was decided by the majority to have a bake sale, similar to last year, with J. Foster to show pictures of his recent trip to the Orient. Mrs. Rhodes and Mrs. Hunter volunteered to work on this committee.

Nominations are open for vacancies in the Alberta Federation for three vice-presidents, a record secretary and a regional director. It was decided to nomi-

The three posters are full color litho reproductions of Alberta scenes, and are striking in their intensity of color, and fidelity of detail. They were produced by an Alberta printing house.

The subjects show a view of Waterton National Park with the mountains fringing the length of Waterton Lake, and the small excursion steamer circling for a landing at Waterton townsite after a trip to Glacier National Park at the other end of the lake; a

The program for the evening was a "stupid school," with Mrs. Rhodes as teacher and Mr. McKay, Mrs. Hunter, Mrs. Green and Mrs. Knapp as pupils. This was very amusing to everyone.

The hostesses, Mrs. Rhodes, Mrs. Holoboff, Mrs. Lawrence and Mrs. Olsen served a delicious lunch.

BERRYWATER

Mr. and Mrs. Lee Richardson were Lacombe visitors last week. Mrs. Jack Smith of High River cared for the Richardson children during their parents' absence.

Mr. and Mrs. Stan Wickstrom and Ronnie spent Monday in Calgary.

Miss Anne Hlookoff of Calgary was at home for the weekend.

Mr. and Mrs. Dave Sim were Calgary visitors for a few days last week.

Mr. and Mrs. Doug Smith, Dougie and Byron were Great Falls, Mont., visitors for a few days last week.

Mr. and Mrs. Nick Hlookoff and family spent Saturday in Lethbridge, where they visited at the Roman Rollack and John Tising homes.

Mr. and Mrs. Bobbie Schmidt of Nanton were Sunday visitors at the Bobbie Allen home.

It is hoped that in successive years, other views of Alberta's many attractions will be used on these posters. In the above picture, Dan E. C. Campbell, Director of the Alberta Travel Bureau, inspects the posters with Hal Martin, Director of Publications.

No Excuse For Poor Seed

The County of Vulcan area is now well served by seed cleaning plants located at Carmangay, Queens-town, Vulcan and Blackie and there isn't much excuse for a farmer increasing his weed problem by sowing poor seed.

But despite the growing number of seed cleaning plants in the province, as much as 25 per cent of the seed used by Alberta farmers grades "reject," according to the Alberta Department of Agriculture.

Since approximately 18 million bushels of cereal seeds are used in this province every year, about 4½ million bushels are planted with a weed count so high that it cannot meet the rather lenient standards for the lowest official grade.

Many farmers believe that because their land is weedy there is no point in using clean seed. This, of course, is the worst kind of defeatism; it implies that a weed problem cannot be solved so why fight it. But one of the first steps in a weed control program should be to stop planting weeds!

There are over 50 good seed cleaning plants in the province whose average charge for cleaning is about 6 cents per bushel. Since farmers seed an average of two bushels per acre, they can sow clean seed at a cost of less than 20 cents an acre. Compared with the cost of spraying, cultivating, etc., this is a very economical weed control measure.

HERRONTON - FARROW

On Saturday, fire broke out on the John Rathgeber farm but was soon brought under control by neighbors who quickly responded to the call for help. The pump house caught fire from the tank heater and the roof burned off before it was put out. Luckily no wind was blowing or it would have been a much more serious fire.

The Herronton Community Club held a card party on Saturday evening with seven tables in use. Whist was played with high scores going to Wm. Cormack of Blackie and Mrs. Harry Weber; low scores, Ralph Weber and Mrs. Leo Cooke. The door prize was won by Mrs. Doug Swartz.

The home baking sale at the Blackie Co-op put on by the WA of the Farrow United Church on Thursday was a huge success with approximately \$55 coming in.

Mrs. Clayton Thurber held an appreciation mystery tea for her Stanley party hostesses on Friday. Gordon Sewell and Dave Sewell went to Lethbridge recently to pick up their turkeys.

Stu Beagle along with Scott Ellis, Ted Percival and Jack Ball won the Calgary to Granum district Massey-Ferguson curling playdowns with four straight wins. Seven towns were represented and they won over Stavelly, Turner Valley, Claresholm and Okotoks. They played in Calgary at the Big Four Building this week for the Southern Alberta playoffs. On behalf of V. C. Hitchener and Son, Terry Hitchener presented them with engraved trophy desk clocks. Mrs. Beagle, Mrs. Ellis and Mrs. Percival all went up to watch the curling.

Letters to the Editor

To the Editor of The Advocate,
Dear Sir,

I would appreciate very much if I could use your columns to express my opinion about the Monday closing by-law passed at Monday night's Council meeting and explain the circumstances of its being enacted.

A delegation of Vulcan merchants backed up by a petition containing some 29 signatures of retail merchants, attended the Council meeting and asked the Council to enact a by-law, give it three readings, and finally pass it that same evening, whereby retail stores, with several exceptions, would be closed all day Monday, and that the existing closing by-law, be rescinded. The existing closing by-law was rescinded.

Each of the councillors and myself, pointed out several bad features of such legislation, and suggested that if it had to be done at all, that it be done by gentlemen's agreement as already existed with the garages, machinery dealers, elevator agents, etc. This delegation became most demanding.

The most heated discussion I have ever experienced at a council meeting ensued, and I, among others, got angry on a couple of occasions. A more adamant group, I have never met, and while I do not doubt their sincerity, I do doubt their wisdom, and certainly do not condone their way of getting what they want. Some very unflattering and most unkind remarks were passed, and they convinced me that two years as Mayor of the Town of Vulcan, is more than enough, no matter how public spirited that person may be.

After a lengthy, and often uncontrolled discussion, the Councillors, (though I feel that each had a heart-felt conviction that it was not in the best interests of the Town of Vulcan) yielded to these demands, enacted and passed legislation, whereby all retail stores in Vulcan, with the exception of machinery and implement dealers, bulk fuel agents, drug stores, garages, service stations, blacksmith shops, victualling houses, lumber

yards, veterinary establishments and refreshment houses, would remain closed all day Monday of each week, commencing with Monday, March 6, 1961.

This legislation is definitely within the power of a Town Council. Only one of the Council, was directly affected by it as pertains to our businesses, and only two of those business men covered under the by-law were volubly opposed.

Several other citizens at the meeting advised against this legislation. The Mayor does not have a vote. The delegation were well within their rights in demanding a closing by-law for one specific group, or class of businesses, and the Council had little choice but to accede to their demands.

As it now stands, somewhere between 30 and 40, out of a total of over 100 businesses in Vulcan, will be closed on Monday, the delegation pointing out that it was their purpose to get uniformity among the merchants as to closing.

On the other hand it was pointed out to them that the Banks, Elevators, Garages, Repair Shops, Town and County Offices, Railway Office, Schools, etc., will be closed on Saturday, or part of Saturday. The delegation pointed out that these were not retail merchants, and would not come under the by-law.

What apparently could not be understood is that those who wished to come into Vulcan to buy machinery parts, do their banking, deliver grain, repair a car or truck, pay their taxes or utility bills, and get groceries, were, in actuality, being limited to four days a week if they wished to do any two or more of these on the same trip.

I wish to go on record through your columns to the effect that I believe this to be the most harmful legislation ever enacted by the Town of Vulcan, and to express my opinion that these merchants will eventually realize that they are, unwittingly, driving business away from Vulcan, and to sincerely hope, that in a year or less, they will request the Town Council to rescind this hasty, regrettable legislation.

Thanking you for the space in which to air my views, I am,
Yours truly
J. Lundy Findlay, Mayor.

JOHN WOLFE
HARDWARE

The Apostle Peter says of Christ, "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved."

—Acts 4:12

He means that no one can be saved from sin — its guilt, power and consequences — excepting by Jesus Christ. He means that no one can have peace with God the Father — obtain pardon in this world, and escape wrath to come in the next — excepting through the atonement and meditation of Jesus Christ.

In Christ alone God's rich provision of salvation for sinners is advt.

treasured up; by Christ alone God's abundant mercies come down from heaven to earth. Christ's blood alone can cleanse us; Christ's merit alone can give us a title to heaven.

—Acts 4:12

Jews and Gentiles, learned and unlearned, Kings and poor men — all alike — must either be saved by Jesus or be lost.

There is no other person commissioned, sealed and appointed by God the Father to be the Saviour of sinners, excepting Christ. The keys of life and death are committed to His hand; all who would be saved must go to Him.

Carmangay

Stewart Taylor and Gordon Prusky visited the West family in Calgary last week end.

Mr. and Mrs. E. P. Miller and Nephew E. L. Miller of Lethbridge visited with Mr. and Mrs. Alex Yonokis on Thursday.

Week end guests at the home of Mr. and Mrs. Alex Yonokis were Mr. and Mrs. E. Scodellera Beelevere and Mr. Frank Coccoiani Hillcrest.

Don Wilfred Lee Roy and Anne West were guests at the home of their parents, Mr. and Mrs. J. West and family.

Mr. and Mrs. Paul Plourd and family of Lethbridge visited at the home of Mr. and Mrs. Rod Minty and family.

The Vulcan County is nearing completion of a garage which will be used to house the road main-tainer and to service the school buses. This garage will be gas heated.

Several High School students participated in the High School Bonspiel at Barons last week end.

Mr. and Mrs. D. Polle and daughters, Judy and Patsy of Cardston and Mr. and Mrs. Pederson and son, Lawrence of Fort McLeod visited at the home of Mr. and Mrs. W. M. McIntyre.

Mr. and Mrs. Len Bach and Mr. and Mrs. B. Long left for Mexico where they will spend six weeks.

Mrs. Margaret Jones of Cranbrook, B.C., spent a few days with Mr. and Mrs. G. Scotter and Andy.

Hugh McCaugherty of Lethbridge spent the weekend at the home of Mr. and Mrs. W. Neilson.

Mrs. Ivan Ohler, Mrs. Ray Flitton and Linda Gay attended the second concert in Lethbridge presented by Dale Barlett, concert pianist. Dale is a family friend of the formers and has recently won high acclaim for his playing in Rome, Italy.

Mr. and Mrs. Ivan Ohler and Mr. and Mrs. Ray Flitton and children of Champion were recent guests at the Palliser Hotel in Calgary while attending the Annual Canadian Charolais Convention. The Flittons were guest entertainers at the banquet and dance following the convention.

Mr. and Mrs. Ray Brannum of Craigmyle were overnight visitors at the home of Mr. and Mrs. Ivan Ohler. Mr. Brannum was the president of the Canadian Charolais Association during the year 1960.

Mr. and Mrs. Ivan Ohler attended the two-day Western Stock Growers' Convention in Lethbridge recently.

Ladies' Curling Bonspiel

A very successful Ladies' Invitational Bonspiel was held on Feb. 2, 3, and 4, with 14 rinks from Barons, Turin, Champion, Lethbridge, Claresholm and Carmangay participating.

Jean Burns' rink of Barons placed first in the First Event. Serving with Jean was Joanne

Cutforth, Mary Woback and Joyce Kotkas. Second in the First Event was Bessie Nordean's rink of Turin.

First prize in the Second Event went to Dorothy Nowlin's rink of Claresholm; members of this rink were Dorothy Nowlin (skip), Margaret Nowlin, Barbara Nelson and Lola Lang. Second in the Second Event was Florence McLeod's rink of Carmangay.

Mickey Moore's rink of Carmangay placed first in the Third Event. Serving with Mickey were Lorraine Teskey, Melvina Roemmele and Lydia Anderson. Second prize was won by Marie Greene's rink of Carmangay.

Alice Woback of Barons received a prize for laying a rock closest to the button.

A very exciting event took place when Florence McLeod's rink laid a seven ender for which they received a prize.

A very delicious turkey banquet was served by the WA in the United Church basement. A hilarious program followed, with President Beulah Hubka as mistress of ceremonies.

Home and School Association

The February meeting of the Carmangay Home and School was held in the school auditorium with a fair attendance. A report on the banquet served for the Masons showed it to be a successful venture. The committees, headed by Mrs. Beulah Hubka, were congratulated on a job well done. It was decided that dishes and cutlery would be purchased to complete the dinner set. A motion was also passed to finance the purchasing of some film strips for the school.

Mr. Palk announced that arrangements will be made to transport high school students to Vulcan on the afternoon of Feb. 28, to see a play, "Caucasian Chalk Circle," being brought there by the Canadian Players.

The program committee presented two short films: The first was entitled, "Hold Both The Light." It described the eye disease known as Glaucoma and showed how early symptoms of this disease might be detected and treated to halt further damage. The second film, "How to Study," offered some valuable pointers to students in organizing their time and material and gaining the most benefit from their study periods.

Lunch was served to conclude the evening.

Basketball News

The return games against Mossleigh were played at Carmangay on Friday, Feb. 10. Officials for the girls' game were Stewart Taylor and Duane Binning, who had a fairly easy time in the first quarter when the score was 2 each. Ellen West scoring for the home team. In the second quarter Mossleigh increased their score by 7 points whereas Carmangay only managed to score 6 through the efforts of Catherine West 4 points and Colleen McGinnis, 2 points. In the second half of the game Carmangay made a desperate attempt to even the score but Mossleigh managed to sink the extra basket to make the final score 15-13 in their favor. It was rather noticeable that although the B team only scored 2 points that they were causing Mossleigh the most trouble.

Teams: A—Catherine West, Colleen McGinnis, Eileen Hurnanen, Donna Hubka and Kathryn Smith. B—Cheryl Minty, Cheri Church, Ellen West, Doreen Stafford, Gracemary Seebek.

Officials for the boys' game were Stewart Taylor and Earl Brinton and again they had a very easy task in the first quarter, at the end of which the score was 5-2 in favor of Mossleigh.

The Carmangay boys were obviously upset by the absence of Billy Plourd and could not get settled until the third quarter. Ian Palk, using his height to advantage opened the scoring and by half time was the only scorer for the home team with 6 points as against the 14 points of the visitors. Dick Minty managed to find the basket on three occasions in the second half, Ian added 6 more points and wee Bryan Roemmele scored 2 points and Roy Hurnanen sank one free throw to make the final score 28 points to Mossleigh and 21 points to Carmangay. It was pleasing to notice that all the boys on the bench got a chance to play for a portion of the game which must add greatly to their morals.

Team:—Dick Minty, Ian Palk, Larry McLeod, Morris Hauser, Roy Hurnanen, Charles Stotz, Miles Letal and Bryan Roemmele.

There were 16 foul shots against Carmangay and 10 against Mossleigh. One Mossleigh boy reaching the maximum number allowed.

LIONS 16th CHARTER NIGHT
Tuesday, Feb. 7, was a gala night for the Carmangay Lions and their friends when the 16th Anniversary of their charter was celebrated in the Community Hall, Carmangay with a large turnout

from the community and district. Visiting Lions and their wives from Vulcan, Champion, Milo, Arrowwood, Lomond, Lethbridge, Coutts, Shelby and Chateau brought greetings from their clubs to Carmangay.

Lion President Hjalmer Nelson introduced Lion Wesley Knight, master of ceremonies for the evening. Lion Loren Roemmele offered the toast to the ladies, and was replied to by Lioness Marion West. Zone Chairman Elwood Myers of Vulcan introduced Lion District Governor Al Horner of Coutts. Sweetgrass who outlined the work of Lions throughout the world. He described Lionism as a potent force for World Peace due to its international character. International Councillors Lion Dr. Howard Bateman of Chateau, and Lion Chas Linn of Lethbridge as well as Deputy District Governors Lion Bob Seely of Arrowwood and Lion Don Crawford of Shelby congratulated the club on their work.

One of the features of the evening was the group singing, led by Lion Vernon Soderquist assisted at the piano by Lioness Emma Smith. The Vulcan Lion's male quartet rendered several numbers which were much appreciated by everyone.

Charter night chairman Lion Bob Hubka and the ladies of the WA who catered to the banquet with a delicious turkey dinner were thanked by the president for their part in the most enjoyable evening.

The mid-night snack table was attractively arranged by Lionesses Mable Clark, Phyllis Clark and Melvina Roemmele.

The evening was concluded by a dance. Music by the Troubadours of Lethbridge.

Lost Weight — Feel Young Again

"I never realized how much better I would feel by losing weight. My weight had accumulated slowly for the last three years. I had continued to gain until I suddenly realized I was becoming quite large. I heard of the Naran Plan and have had wonderful results. I have lost 25 pounds easily and without having to starve."

J. THOMPSON
Hamilton

A typewriter weighs about 25 pounds. Lift one and imagine what a strain it would put on your system if you were to carry it around all day. Excess weight is just such a strain. Don't punish yourself any longer — there is no reason for continuing to be overweight unless you are too lazy to walk to the drug store and ask for the Naran Plan. The Naran Plan is sold on a money back guarantee.

WORLD SEED YEAR

In order to raise both the productivity and quality of agricultural products generally and thereby to improve world standards of living, the Food and Agriculture Organization of the United Nations has established 1961 as "WORLD SEED YEAR".

ANTIQUE CLOCK brought from her home in Boston, Massachusetts, by Mrs. Phillip MacPherson of Nanton. The year 1561 is cut out at the lower end of the shield which is surmounted by the helmet and visor of a suit of armour. Various implements of war are seen in the design.

District News

LOMOND

Miss Della Henrickson of Calgary is a visitor at her home in Lomond.

Best wishes for a speedy recovery are extended to Harvey Hodgson, a patient in the Brooks Hospital.

Miss Valeen Chow spent last week end in Vulcan, guest at the home of friends.

Mr. and Mrs. Guido Zambaldi were recent week end visitors in Lethbridge making preparations for a holiday trip to Italy.

Mr. and Mrs. Earl Jensen of Lethbridge and Mr. and Mrs. Don Berent and family of Turin were Sunday visitors at the home of Mr. and Mrs. George Maronda.

Little Kathy Donnie and Chris Richardson of Berrywater will be spending the next two weeks in Lomond while their mother is at present a patient in the Vulcan hospital.

Mr. and Mrs. J. Little of Stavely, Mr. and Mrs. Frank Little of Champion and Mr. and Mrs. Vern Volesky and family of Lomond were Sunday guests at the home of Mr. and Mrs. Anton Volesky and family. The occasion being Mr. Volesky's 70th birthday. Heartly congratulations are extended to Mr. Volesky from his many friends in Lomond and district.

Mr. and Mrs. Henry Linstedt and son Terry accompanied by Mrs. Chase's mother, Mrs. Vera Rowe were visitors in Vulcan on Sunday, where they attended the Christening service in St. Aldhelm Church for the infant daughter of Mr. and Mrs. Bobbie Nimz, who received the names, Holly Gaye. Following the service the Godparents, Mr. and Mrs. Dave Blair and the family gathered at the Nimz home for dinner.

Home and School Association
The Lomond Home and School Association held the regular meeting in the school on Wednesday evening, Feb. 8th with Mrs. Muriel Sokvitne, the president, as chairwoman and Mrs. Welda Maronda as secretary. There was a very good attendance on hand.

During the business meeting Mrs. Muriel Sokvitne was nomin-

ated to run as Regional Director for the coming year. Some discussion on sponsoring the Teen-age Club took place and then was tabled.

Next meeting will be held on March 8th as usual. After adjournment of the business meeting, Mrs. Gallagher, the Regional Director spoke on the Home and School creed. This we enjoyed very much. Lunch and a social period brought the meeting to a close.

Good Will Service Club

Mrs. Florence Humphreys entertained the ladies of the Goodwill Service Club on Jan. 26. Eighteen ladies answered the roll call with suggestions for an interesting program for the coming year.

The sum of \$25.00 was donated to the Guide and Brownie movement to help with their expenses. It was also decided to cater to the Agricultural Short Course to be held in the Lomond Community Hall on Feb. 23.

Because of this agricultural event the next meeting of the club was changed to Feb. 16, to be held at the home of Mrs. Fred Maronda. There will be and exchange of surprises to be drawn out of a Valentine pie.

Because of the community's generosity to the Community Christmas Card, \$110.27 was realized. It has been banked in a separate fund to be spent for some community project at a future date.

ELEPHANT BRAND FERTILIZER PAID FOR THIS TRACTOR

This is how we illustrate a basic principle — "It doesn't cost, it pays to use fertilizer." Fertilizer can provide the money for those many things you need to make the job easier or your family living better.

You make more money in two different ways when you fertilize with Elephant Brand. You grow better grade crops which sell for higher prices; you get greater profit from each bushel because it has cost you less to produce each bushel.

GROWING WHEAT?

You can make extra profits of \$9.75 per acre and even more by fertilizing your wheat crop.

Here is an example of how fertilizer increases profit from wheat.

Increased yield per acre with ELEPHANT BRAND	10 bus.
Value of increase (Wheat valued at \$1.25 per bushel)	\$12.50
Approximate cost of fertilizer (50 lbs. per acre of 11-48-0 on summerfallow.)*	\$ 2.75
EXTRA PROFIT PER ACRE	\$ 9.75

*Wheat on stubble, when properly fertilized can show equally profitable returns.

ELEPHANT BRAND PLUS VALUES

Canadian Players To Appear In Vulcan February 28

Sponsored by the Vulcan Arts Council, the Canadian Players touring company will present the three-act play "The Caucasian Chalk Circle" at the Vulcan High School Auditorium on Tuesday, Feb. 28, at 8:30 p.m. The play is

for adults only and tickets are now on sale at local stores. "The Chalk Circle," by Bertolt Brecht, is the story of an uprising in an obscure border province in Europe. Out of this original plot, two stories arise and eventually converge.

In the uprising the Governor's wife, in panic, leaves her infant son behind. A maid, Grusha, finds him and decides to take care of him, she undertakes an arduous journey to the mountains and safety. She marries a peasant to give the boy shelter and a legal name even though she is in love with a member of the palace guard. Eventually, years after-

ward, she is captured and taken back to the city, for trial.

Her judge is Azdak about whom the second plot revolves. His rise to a magisterial position becomes the plot of the second act. How this drunken rogue deals out justice with only contempt for the prevailing spirit of the law provides much of the satire and humour of the play. He has no use for practice based on false notions of property and moral hypocrisy. He openly takes bribes and woe to a litigant who cannot grease his palm.

At Grisha's trial he is faced with the conflicting claims of the peasant girl and the mother. The boy has now become heir to his dead father's estate. Azdak draws a chalk circle. The boys is placed within it and the two women told to pull him out. Grusha cannot bear to hurt the boy and releases him to the mother. But Azdak rules that the mother cannot love her son if she would put him to the torture of a tug-of-war and so gives him to Grisha.

Order rubber stamps at the Advocate. Three day service.

Now We Have A "Rescue Squad"

Down at the Fire Hall is a notation in the record book regarding aid to a damsel in distress that is drawing questions from the town fire boys as to why they weren't called out as part of the crew.

The whole thing apparently makes a story of some embarrassment to a young lady of town who went across the hall from her apartment one recent Saturday night for a few minutes, returned and found herself locked out. Whether she called police or Fire Chief Johnson first isn't known but as she lives upstairs in a two story building someone was needed.

Both gentlemen answered the summons and a short spate of ladder work had the unfortunate lass back in her apartment, very thankful to two of Vulcan's most handsome if inept young men.
